

## Slav Congress Called Subversive Weapon

### Report Says Group Used By Russia

Washington, June 25—(AP)—The House Un-American activities committee said today the American Slav Congress is a Russian weapon for subverting 10,000,000 Slav Americans by pressure and "poisonous and lying propaganda."

It emphasized twice that the big majority of these people are anti-communist and loyal to America. It said they must be "protected from intimidation and victimization by foreign governments or their agents."

An American Slav congress official said in New York that all the committee's charges are "baseless," that the Slav congress is "purely an American organization."

"Toe Party Line"

The committee said that not only does the Slav congress toe the Communist party line but it is "a Moscow-inspired and directed federation of communist-dominated organizations."

The committee put out a 151-page report about the Slav congress, which it recently investigated.

It wound up with 10 recommendations, including a proposal that foreign communists be barred from admission to this country. It said citizenship of alien communists should be revoked and they should be deported.

Details Listed

A Red label is nothing new for the Slav congress, whose headquarters is in New York. Attorney General Clark has listed it as communist and subversive. But the committee went into details.

1. The Slav congress has resorted to things like "incitement to civil disobedience" and "an attitude amounting to treasonable defiance of this government."

2. Its real objectives "have been primarily military." This point was not explained.

3. Some of its leaders are Reds—Executive Secretary George Pirinsky for one. And over a period of years President Leo Krzycki "has demonstrated his devotion for the Soviet Union."

4. George Wuchinich is "one of the most dangerous individuals in the American Slav congress" because of military training and espionage experience with the wartime Office of Strategic Services. Wuchinich is nationally officer of the Slav congress and executive secretary of the western Pennsylvania branch.

(In Pittsburgh, Wuchinich, 41, declared, "My war record as a volunteer and as a paratrooper who served 27 months overseas behind enemy lines in Europe and in China is a record of devotion to my country which no member of the House Un-American activities committee can match. I won five decorations including the Distinguished Service Cross. I defy the committee at any time to question my loyalty to my country or the principles for which it stands.")

### Express Driver Killed By Shot Of Bank Robber

Chicago, June 25—(AP)—A Brinks Express company driver was killed today and another critically wounded in an exchange of shots with two holdup men in a south side bank.

Bruno Kozol, 36, was killed. The other driver, Joseph Den, 45, was shot twice in the chest. He was not expected to live.

They had just made a clearing house pickup at the South Shore Savings Bank, 2959 East 92nd street. The shots were exchanged in the bank's Rotunda. The robbers fled in gray sedan bearing an Indiana license plate.

Guy Nelson, the bank's president, said they took an envelope containing \$920.29 in currency and a bag with \$377.093 in cancelled checks. Such checks are not negotiable.

A 10-year-old boy, Ronald Rae, was waiting for bus outside the bank when the gunmen escaped. He said one of them carried a sub-machine gun.

### Wearing Of Klan Masks Banned

Birmingham, Ala., June 25—(AP)—The head of the Ku Klux Klan in Alabama tonight ordered members to stop wearing hoods.

Dr. F. P. Pruitt, chairman of the board of governors of the Federated Ku Klux Klan, Inc., said "the vanguard will be worn only at initiation ceremonies, and similar ceremonies."

Legislation to ban the wearing of masks (hoods) has been approved by the State Senate and is expected to pass the House next week. The bill admittedly is aimed at the Ku Klux Klan.

## Detroit Man Chairman Of Young Republicans

Salt Lake City, June 25—(AP)—Dark horse John Tope of Michigan was elected national chairman of the young republicans today after a hot floor fight forced two ballots.

Tope, a 36-year-old Detroit businessman, won by a count of 228 to 202 over Laughlin E. Waters, California legislator.

On a previous ballot Tope had defeated Waters by 222 to 208.

Joe Bartlett of West Virginia registered nine votes on each ballot. Although Tope was declared officially elected by Gordon Allott of

### Two U.S. Fliers Hurt In Air War Test Of Britain

London, June 25—(AP)—Two American fliers were hurt today as five persons bailed out of a U.S. superfort participating in the nine-day air "war" testing Britain's defenses.

The plane, which had developed engine trouble after a mock raid on Liverpool, landed safely.

One American crewman, Capt. Harold Gershon, hurt his left knee when he landed on a rooftop near Beverly in Yorkshire. Waldo Drake, correspondent for the Los Angeles Times, who was a passenger, suffered a shoulder injury.

U. S. "Shooting Star" jets have joined RAF "Meteor" jets in exercises to keep "enemy" B-29 superforts away from England's vital targets. It is the biggest aerial maneuver since the war, and it is Britain's first major test of its ability to keep the atom bombs away.

### Industrial Arts Program Started At St. Charles

Springfield, Ill., June 25—(AP)—Inauguration of an industrial arts program to help rehabilitate delinquents at the state training school for boys, St. Charles, was announced today by the state welfare director.

Director Fred K. Hoehler said the program's aim was to help equip youths to follow a vocation upon release, to instill a sense of the "dignity of progressive occupational habits" and to cultivate improved "personal, social and cultural qualities" through association and co-operation.

There are about 250 boys in the training school at present.

### Blind Grad, Wife Share Top Honors In Law School

Chicago, June 25—(AP)—A blind student and his wife will share top honors tonight when they graduate from the John Marshall law school.

Allan Stouder, formerly of Gary, Ind., will receive his bachelor of laws degree and his wife, Marian, originally from Randolph, Vt., will be awarded her doctor of jurisprudence degree.

Stouder lost his sight in a laboratory explosion at the University of Chicago three years ago. Since then his wife has read aloud all the assignments to him and the couple lived their classes throughout the law course.

The Stouders plan to take their state bar examinations together next fall.

### LEGISLATURE LISTS NEARLY 500 BILLS ON WORKSHEET

Springfield, Ill., June 25—(AP)—The Illinois legislature has about 500 bills on its worksheet for the final four days of the session.

Exactly 400 are listed for possible House action. Fewer than 100 are on the Senate calendar.

In addition, hundreds of bills are in committees. But only a few of these will come out on the floor before sine die adjournment.

The big crush is in the House. Of the 400 bills there, 110 are House bills at passage stage. They still would have to go through the Senate.

Also among the 400 are 281 bills already passed by the Senate. Of these, 168 are ready for House passage vote. Ninety-six are at the amendment stage, and 17 are on first reading.

Hawaii, three times the size of Delaware, grows 90 percent of the world's supply of pineapples.

## Belgians Vote Today On Return Of King Leopold

Brussels, Belgium, June 25—(AP)—Belgians choose a new parliament Sunday in a clash between friends and foes of King Leopold over his five year exile.

For the first time in Belgian history, 2,930,270 women can vote, along with the 2,705,182 men. Only a few voters will stay away from the polls; those who do may be fined up to 30 francs (about 75 cents).

Most of the new women voters are thought to be sympathetic to their handsome, blond king, who married a beautiful commoner while his country was occupied by the Germans. Many Belgians objected to the marriage, however, and many others charge that he sympathized with the Germans.

Four major political parties are vying for the 112 seats in the chamber of deputies and the 175 in the senate.

The biggest group, the pro-Leopold social Christians, do not pledge Leopold's return, but they do promise a referendum on the tough question. The socialists, communists and most liberals oppose this.

### Influence Charge Branded As Lie By Colonel Hunt

Washington, June 25—(AP)—James V. Hunt, management counselor here, said today, "anyone who says I ever offered to get him government contracts through 'influence' is a liar."

Hunt said he would welcome a congressional investigation of a contract he had with Paul Gringle, a Framingham, Mass., furniture manufacturer.

In a story in the New York Herald Tribune Tuesday, Gringle was quoted as saying that he had given Hunt a \$1,000 fee. This, he said, was to be followed by \$500 monthly payments for a year, plus 5 per cent of the gross on any government contract he received.

Gringle said Hunt had mentioned several government officials, and had implied he had considerable influence.

In his statement today, his first since the story appeared, Hunt said: "I have never tried to sell 'influence.' And none of the people I know in government service are subject to 'influence.'"

### Auto Workers Serve Demands On Chrysler Corp.

Detroit, June 25—(AP)—The CIO Auto Workers served demands today on Chrysler Corp.

Chrysler, which employs an estimated 75,000 production workers, was the second major auto firm to get the demands. Negotiations on a new contract have been going on with Ford Motor Co. since June 2.

The union declined to disclose what it was asking of Chrysler.

It was believed the demands would follow the UAW pattern for 194. Major goals are a \$100 monthly pension for workers who retire at the age of 65 after 25 years of service, a health and welfare plan, and an indefinite wage increase.

These are the objectives of the union in Ford negotiations.

### High School Boy Held For Death Of Friend's Father

Jackson, Miss., June 25—(AP)—An 18-year-old high school boy was charged with murder today in the death of the father of a girl he says was sent away to break up a romance.

Detective Sgt. A. P. Shipp swore out a warrant before City Judge J. R. Nobles charging Ronald M. Pitts with the fatal shooting of Perry W. Henderson, about 48, a vacuum cleaner company executive.

Detective Chief B. R. Rogers said Pitts accused Henderson Friday of sending his 16-year-old daughter, Anna, away on a vacation in an effort to break up his romance.

The shooting occurred in Henderson's home.

### 52 Die In Flood Of Mexican Town

Pachuca, Mexico, June 25—(AP)—A half hour flash flood that swept into this mining town from the surrounding hills last night killed 52 persons, including six children.

Bodies were found in the streets and in automobiles swept into ditches, by six and eight foot torrents.

Rescuers said many victims seemed to have been stunned first and then drowned.

They said the force of the water apparently hurled them against walls or pavements. They were unable to fight their way out of the raging torrents.

## Western Commanders Order Berlin Strikers To Work

### Republican Majority Casts Shadow Over Governor's Plan

By Roger Lane

Springfield, Ill., June 25—(AP)—Vital parts of Governor Stevenson's program hung in the balance today as Illinois legislators took a week-end breather before plunging on to ward next Thursday's adjournment.

A hostile Republican majority in the Senate cast an ominous shadow over Stevenson's \$1,273,000,000 two year spending plan.

Threatened Sales Tax

GOP senators threatened to knock out one of its main props—sales tax extension legislation the governor is banking on for \$25,000,000 a year in extra revenue.

If the sales tax bills meet defeat, drastic budget revisions will be necessary. City aid, airport help and tuberculosis grant items likely would be cut sharply or eliminated.

The Democratic governor issued a statement bawling out GOP senators who, he said, "crippled and stalled" the legislation to bring contractors, special order businesses

### Prison Escapee Quizzed As Sex Slayer Of Child

Racine, Wis., June 25—(AP)—Police Captain Earl Olson said that Ray Ernest Lamphere, 23, was being questioned today about the slaying of little Walter Eaton Thursday at Lansing, Mich.

Olson said Lamphere, a recent escapee from the Wisconsin state home and training school, was picked up by two detectives at a municipal beach around 1:30 p.m. (CST).

Olson said Lamphere denied any connection with the mutilation slaying of the four year old boy.

The captain said Lamphere told him that since his escape from the state home May 30 he had been staying at Lansing with his mother, Mrs. Edward Sorenson.

Lamphere declared, Olson said, that he left Lansing last Thursday at 5 p.m. after an argument with his mother and hitchhiked here, arriving around noon yesterday.

Olson said Lamphere was being held on an open charge.

### Swindler Returns \$5,000 To Widow; Held By Police

Chicago, June 25—(AP)—Sigmund Z. Engel, 73-year-old "Romeo for a profit," met today with the Chicago widow he bilked and gave her back \$5,000.

He got a signed receipt for the money in his lawyer's office from Mrs. Reseda Corrigan, 39, but she declined to consider it a full settlement.

Mrs. Corrigan, mother of three grown children, claims Engel nicked her for \$8,700 after promising to marry her. He contends she gave him only \$5,000.

Shortly after his capture yesterday Engel gave \$400 to Mrs. Corrigan. He told reporters he believes Mrs. Corrigan has been fully repaid and that the \$400 was merely a gift.

However, after detectives returned him to the police station tonight, he booked him on a confidence game charge, based on Mrs. Corrigan's complaint. A theft charge also was placed against him on the complaint of a Los Angeles, Calif., woman, Mrs. Corinne Perry. Bonds totaling \$12,500 were set.

A detective and two policemen accompanied Engel on the trip from jail to the office of his lawyer, Irving Kruger, in Kruger's automobile.

### War Bride, Held For Murder, Asks Lie Detector Test

Indianapolis, June 25—(AP)—A 19-year-old English war bride charged with shooting her husband asked today for a lie detector test to back up her story.

Detective Sgts. Fred Whisler and Lee Hindman said the test would be given next week to the young wife, Mrs. Pamela Hurt.

The detectives said yesterday she told them she shot her husband because he had threatened to kill her after she confessed intimacy with other men during five separations.

Her husband, Robert Hurt, 31, was shot in the neck as he lay in bed Thursday morning. He remained in critical condition in General Hospital. Doctors said his breathing was difficult and they feared pneumonia would develop. He is paralyzed from the neck down.

### Former Chaplain Kills Wife, Self

Palo Alto, Calif., June 25—(AP)—A wartime army chaplain, unemployed and sick with malaria, killed his wife and himself with a butcher knife today while one of their three sons, eight year old John, watched in horror.

The dead were Reed G. Probst, 46, and Cleopha Probst, 40. The tragedy occurred on the front lawn of their home in suburban Menlo park.

Police Chief George Potter said Probst chased his screaming wife through their house and onto the lawn at dawn and plunged an eight-inch knife into her back. He then stabbed himself in the throat. He died with one arm over his wife's shoulder.

### Secret Enemies' Blamed For Delay Of Military Reform

Washington, June 25—(AP)—The citizens committee for the Hoover report today blamed "secret enemies" for the House armed services committee "delaying" action on military reform.

The citizens group charged that "powerful forces are plainly engaged in a last ditch effort" to defeat the Tydings bill designed to complete unification of the military establishment.

The measure, heralded by the group as the key to billion-dollar-a-year savings, was approved unanimously by the Senate May 26. Three weeks later House hearings were announced, to begin on June 28.

The statement assailed the views of Rep. Vinson (D-Ga.), chairman of the House group and long-time friend of the navy.

It was signed by Dr. Robert L. Johnson, president of Temple University and chairman of the citizens committee which includes two former vice presidents, John Nance Garner and Charles G. Dawes, and scores of former cabinet officers, governors and leaders of industry and labor.

The bill was introduced by Sen. Tydings (D-Md.). It follows recommendations of the commission on government reorganization headed by former President Herbert Hoover.

### Lewis Reported Willing To Let Mines Stay Open

White Sulphur Springs, W. Va., June 25—(AP)—If the nation's coal operators will agree to a three-day work week, John L. Lewis was reported willing today to keep the mines open while he debates new contract terms with them.

That would mean that the 400,000 miners who today began their annual holiday would have part time work when the 10-day vacation period ends July 5.

The reduction to three days a week also would fit right in with the United Mine Workers' president's expressed wish to stabilize employment in the industry.

But it would be a sharp departure from the traditional "no contract, no work" policy of the union. The present contracts between the bituminous operators and the UMW expire June 30.

The report of the Lewis offer was heard here while negotiations with more than half the soft coal industry were in recess until Tuesday.

### War Bride, Held For Murder, Asks Lie Detector Test

Indianapolis, June 25—(AP)—A 19-year-old English war bride charged with shooting her husband asked today for a lie detector test to back up her story.

Detective Sgts. Fred Whisler and Lee Hindman said the test would be given next week to the young wife, Mrs. Pamela Hurt.

### Political Campaign In Canada Closes

Toronto, June 25—(AP)—Canada's seven-week political campaign came to a virtual close tonight. Monday the voters will decide whether Prime Minister Louis St. Laurent has won a personal mandate for his liberal party.

St. Laurent's chief rival is George Drew of the progressive conservatives.

From the Yukon to Newfoundland nearly 8,000,000 Canadians 21 years of age or over are entitled to vote in the Dominion's 21st national election.

On a dare from a friend, he gulped down a live, one and one-half pound hard shelled crab.

### SWALLOWS LIVE CRAB

Chester, Pa., June 25—(AP)—Lawrence Johnson, a 34-year-old stevedore, gave the goldfish eaters something to shoot at today.

On a dare from a friend, he gulped down a live, one and one-half pound hard shelled crab.

The American flag should be placed in or near the polling places on every election day.

### Offer Wage Guarantee To Workers

Berlin, June 25—(AP)—The western commanders tonight ordered 14,000 Berlin rail strikers to go back to work.

They said the strikers would receive 100 per cent of their wages in west marks, their No. 1 demand, and said they would be cut off the rolls for unemployment compensation if they did not pick up their tools by next Tuesday.

Mayor Ernst Reuter said the strike "probably will be settled" on the basis of the western commanders plan drafted tonight at a stormy meeting. The non-communist strikers, who walked out 35 days ago causing what amounted to a second blockade of the city, called a meeting for tomorrow morning, to be followed by a session of the union's executive board.

Costs \$109,100 A Week

Blaming the strike for paralyzing Berlin's economic life, the commanders said the high direct cost to the city in unemployment relief for railwaymen was 379,000 West marks (\$109,100) a week.

The city was ordered to stop relief to strikers who do not resume work by Tuesday. An exception was made, however, for men who are afraid to return to employment with the Soviet-controlled railway system and want to quit the railway permanently. They may keep on relief.

By declaring in writing the intention of looking elsewhere for work and of not interfering with the railway, 14,000 in Union

This in itself was a hard blow to the strike. The strikers have been drawing unemployment relief and union benefits in West marks. It was better than an East mark pay envelope when they were working. The West mark is worth about four times the East mark. When the strike began May 21 there were 3,000 in the non-communist union (UGO). Now there are about 14,000.

The payment of wages in West marks will be guaranteed by the city which will convert up to 40 per cent of their wages in that currency. The Soviet-controlled railway offered to pay 60 per cent in West marks, and perhaps more if West mark revenues were sufficient. Previously the city had offered to convert only 15 per cent in addition to the 60 per cent.

### New Civil Defense Program Launched In Civilian Hands

By Sterling F. Green

Washington, June 25—(AP)—The administration today placed in civilian hands complete control over the planning of both civil defense and industrial mobilization for any war emergency.

President Assistant John R. Steelman, as acting chairman of the national security resources board, issued orders giving nine federal agencies planning duties under NSRB direction.

The action is expected to have at least two major results:

1. To revitalize the planning effort, which was languished since December when the White House began what some officials have called a "quiet demilitarization" of NSRB.

The mobilization agency has been moved from the military's Pentagon building, and nearly 100 of its officials have departed.

2. To deal the final death-blow to proposals of the disrupted "Hopley report" of last fall. Prepared by Russell J. Hopley, head of the now defunct office of civilian defense planning in the Pentagon, the report suggested creation of a full-time, operating civil defense office under the secretary of defense.

President Truman indicated his distaste for such military supervision in March.

### Navy Will Test Highspeed Missiles

Washington, June 25—(AP)—The navy plans to test missile models at speeds of 7,000 miles an hour or more—twice the speed reached by weapons like the V-2, and to times the speed of sound.

The test models will be tiny. Their outside diameter, including fins, will be only about four-fifths of an inch. They will be fired from a 200 mm. cannon barrel in a 31-foot closed tube at the White Oak Md., naval ordnance laboratory.

By varying the pressure in the tube, it will be possible to calculate accurately the performance of the full scale weapon.

### U. Of I. To Build Apartment Houses

Chicago, June 25—(AP)—University of Illinois trustees today voted to award bids for construction of the second of two six-story apartments for students and staff.

At the regular meeting the board also authorized some wage adjustments for the non-academic employees of the university, appointed Wally Rottger as assistant director of athletics, and awarded a variety of contracts including one for installation of an underground irrigation system in the football stadium.

### WEATHER

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported official temperatures for Saturday as follows: high, 90; low, 74; and at 6 p.m., 86.

Forecast for Illinois: Scattered showers and thunderstorms Sunday, turning a little cooler northwest.

## HYSTERIA IN ILLINOIS

(Chicago Daily News)

A fanatical campaign by misguided and misinformed persons reached its climax last week on the floor of the Illinois house of representatives.

In a 3-hour debate seldom equaled for bitterness and demagoguery, the house killed a dozen fantastic amendments to House Bill 650. It adopted a few amendments containing elements of reason and advanced the bill to the stage of final action.

The bill is designed to help institutions engaged in medical research to obtain stray dogs from city pounds. Many of the most important discoveries in medicine and surgery have been based on experiments performed on living animals. Without an assured supply of animals, medical progress would be slowed and hindered.

Yet a few zealots have fought the bill from the first. They have inspired a frenzied campaign of scurrilous letters that aroused every member of the house to high emotional pitch. In the face of this appeal to unreason, some members were provoked to irresponsible utterances that they may regret in calmer moments.

Those who opposed the bill sought not only to kill it, but to make its defeat a springboard for an attack against all surgical experiments on live animals. Their amendments, if passed, would have made such research virtually impossible in Illinois. In this, fortunately, they failed.

## THE DOCTOR SAYS

Self-Treatment  
Is Dangerous In  
Athlete's FootBy Edwin P. Jordan, M.D.  
Written for NEA Service

Dermatophytosis (or "ringworm" or "athlete's foot," as it is more commonly known) is a skin disease. Improper hygiene of the feet frequently aids the infection to become established. It is often difficult to cure.

For the prevention of dermatophytosis, the following has been recommended by the Council on Pharmacy and Chemistry of the American Medical Association:

1. Keep the feet clean and dry, with special attention to places between the toes.

2. Air shoes and socks when not in use.

3. Shoes should be selected that are as light and well aerated as is compatible with working conditions.

4. A dusting powder consisting of 10 per cent boric acid in powdered talc should be dusted on the feet between the toes every night and morning.

Treatment

For treatment, the following policy has been suggested:

1. Only the mild lesions that occur between the toes should be treated by the patient himself. Considerable redness, moisture, pustule formation or pain call for the attention of the physician and the physician only. The patient must insist on the safe side.

2. Mild cases can be treated by observing regulations just laid down for prevention, and using a local application of the boric acid powder mentioned previously. If there is no improvement within two weeks, consult a physician.

Under no circumstances, says the council, should the patient yield to the well-meant recommendations of friends and to advertisements. Preparations containing iodine, mercury or sulfur are particularly dangerous, and sulfonamide preparations are notorious because they so frequently lessen the effectiveness of sulfonamide drugs which may be imperatively indicated later for a really serious ailment.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the more frequently asked questions in his column.

## THE DOCTOR ANSWERS

By Edwin P. Jordan, M.D.

QUESTION: What treatment do you advise to get relief or cure from arthritis?

ANSWER: This is the kind of question that is utterly impossible to answer briefly. There are many kinds of arthritis and many varieties of treatment.

## More Than a Building Collapse Is at Stake

Two Playgrounds Draw  
2,348 Children During  
First Two Weeks Open

Shouts of children ring out at the two YMCA playgrounds in Jacksonville every afternoon and evening during the week. The playground program, always popular during the summer months, is drawing big crowds again this summer, Paul Hartman, secretary of the "Y," reported Saturday. He said that in the first two weeks the playgrounds have been open, 2,348 children have used the facilities.

A variety of activities takes place at the two locations in Jacksonville. The grounds are located at Jefferson school, and at Washington school. The Washington school site is the successor to the playground at the Academy lot behind the Youth Center.

Miss Anna Nagel is director at the Washington ground. She is physical education instructor at Washington school during the academic year. She said that there is much fine equipment at Washington, a new slide, jungle gym, overhead ladder, and swings. Children also enjoy softball, ring toss, volleyball, and basketball shooting, she said.

Blazier Takes Charge  
Coach Robert Kraushaar, Jacksonville high school, was in charge of the Jefferson grounds. He has been succeeded in that capacity by Robert Blazier, who will direct activities for the rest of the summer.

Blazier, who will be boys physical education director for all fifth and sixth grades throughout the public school system, is a graduate of Macomb college. Blazier is assisted by his wife and by Miss Nancy Kammer. At the playgrounds, crafts are taught. Lanyard weaving, sketching, coloring, drawing, cork work, and weaving with looper clip (a by-product of hosiery mills) are among crafts now taught and contemplated.

Mr. Hartman said he wanted to make the crafts as inexpensive as possible for the children. He has asked for volunteers to report to the playground to help conduct the classes.

"The only qualification necessary," Hartman said, "is that the volunteer be able to work with children. High school and college men and women, and for that matter, interested parents are vitally needed."

The Jersey County 4-H Show was discussed and the entry list set up for the event which takes place at the Legion park the last week in July.

Members of the committee attending were Mrs. Frank Gerson, county 4-H chairman; Mrs. Eldon Orr, Home Bureau president; Mrs. Dennis East; Mrs. Louis Lock and Mrs. Frank Freesmeyer, and the home adviser, Mrs. Paul Erb.

VISITING HERE

Mrs. Kate Robertson of Lexington, Ky., a former Jacksonville resident, is visiting her brother Jim Pyatt at 719 West Douglas.

Senator William Blount of Tennessee was named in the first impeachment proceedings before the Senate in 1798—and the charges were dismissed for want of jurisdiction.

Mrs. Charles Tatum has been visiting her son, Verne Tatum and his family in Chicago. Her granddaughter, Sharon Eve, returned with her for an extended visit here.

Mrs. Albert Retherford has returned to her home here after undergoing major surgery at Our Saviour's hospital, Jacksonville.

Don Shewmaker who has been ill has returned to his duties at the office of the W. H. S. P. &amp; S. W. Company.

Miss Ethel Bradshaw, who has held a government position in Germany for several years, is visiting Mr. and Mrs. F. A. Bridgewater in Urbana this week.

Mrs. Charles Tatum has been visiting her son, Verne Tatum and his family in Chicago. Her granddaughter, Sharon Eve, returned with her for an extended visit here.

## Fete Glasgow Man At Birthday Party

Glasgow—Albert Fundel of Glasgow was honored on his 29th birthday Tuesday, June 21, at a supper in his home.

The event was attended by the following relatives and friends: Mr. and Mrs. John Hanback of Joliet, Kenneth Fundel and Miss Louella Ellerbe of St. Louis, Mr. and Mrs. George Fundel, daughter, Cheryl, Mrs. Pearl Fundel, Mr. and Mrs. Joe Sanderson, daughter, Suzanne, and the guest of honor and wife, Mr. and Mrs. Albert Fundel. Rev. John Scott of Winchester will be a guest speaker at the Baptist Mission Circle program, which will be presented Friday evening, June 24, at the home of Mrs. Harry Young.

Mr. and Mrs. Edward Sherwin were Father's Day dinner guests in the home of their daughter, Mr. and Mrs. Oia Ford in Rockhouse.

Mr. and Mrs. John Hanback of Joliet have been visiting his parents, Mr. and Mrs. William Hanback.

Mr. and Mrs. Jack Smith and daughter, Carolyn of Alton were Sunday evening visitors with his father, Alsey Smith.

**NEW LEAF**—Lithuania's one-time top general Stasys Rastikis, 53, is starting life all over again at his work table in a small Los Angeles aircraft factory. Rastikis and his wife came to the U. S. a month ago as displaced persons after nine years of flight from Nazi and Communist oppression. The former general says another war is inevitable.

### HOW IT'S DONE

If no presidential candidate receives a majority of the electoral votes, or if there is a tie, the House of Representatives chooses a President from among the three candidates who have stood highest in the electoral vote. Each state has one vote.

### "GOLDEN TRIANGLE"

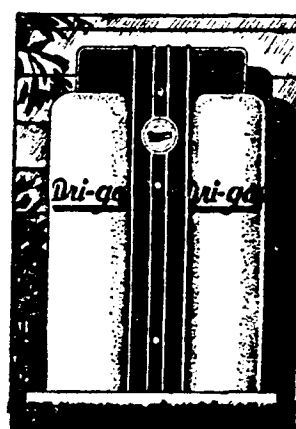

The "Golden Triangle" is an area of land in Pittsburgh, Pa., where the Allegheny and Monongahela rivers meet to form the Ohio. This section is well known for its skyscrapers and large department stores.

CHURCH HOLDS DRIVE-IN SERVICE

Rising Sun, Ind.—(AP)—The Rising Sun Baptist Church collapsed in April while being repaired. So the congregation arranged for drive-in services each Sunday evening during the summer in the town park.

The first service was attended by about 200 persons who sat in their parked cars while the Rev. Louis L. Day conducted services with a refreshment stand as a pulpit.

"Now we are all in church," he told his parishioners. "Let us respect it as if we were in one of the world's most costly cathedrals."

"Let there be no smoking for the next hour and if you have a chew of tobacco in your mouth please park it on a stump somewhere. Nothing will disturb it, not even a billy goat. After the service is over you can go back and get it."

**Joe is a leading man  
in the American way of life**

JOE AND HUNDREDS of other employees of Illinois Power Company play a leading part in your daily life.

ELECTRICITY now performs a multitude of time-saving, labor-saving jobs in the home and on the farm. The use of electricity by average families has increased nearly four times since 1932.

What does this mean? It means that electricity is doing more and more of the hard work that American housewives and home-makers formerly did themselves. It means making available more time for leisure... greater comfort. It means increased health and enjoyment for Americans everywhere.

ELECTRICITY has helped make American homes the best and most completely equipped in the world—and in doing so, has demonstrated the ability of the American way of life in producing for peace and better living.

you can't sleep these nights. Although these factors can contribute to sleeplessness, worries and fears that you take to bed with you are more suspect. So leave day-time problems in the living room, if you want that eight hours of beauty sleep when you go to bed.

You're not alone with your problem of wooing sleep. Surveys reveal that half the adults in this country consider themselves insomniacs and there are more women who have trouble getting to sleep than men. Further, people over 50 years of age suffer twice as much from insomnia as do young things in their 20's.

There have been women who have shut out the outside world by ear plugs, eye shades and deep window blinds and with that kind of artificial help have wooed sleep after outwitting noise and light. Others trying the same tricks have merely managed to seal in the problem that was really keeping their eyes open. Smarter and guaranteed to be more effective than counting sheep is the trick of making yourself relax or by diverting the thoughts that by de-kinking nerves and muscles won't give in to sleep.

Read a book on a subject that's amusing or completely engrossing. It can change your train of thought.

Having friends in for a good talk or a hobby that's pleasantly stimulating is a help. Some sort of definite change of pace during the evening will ease nervous tension and make you more sleep-minded. A short walk before bedtime is a way of relaxing tense nerves and muscles.

The survey that turned up the astounding facts on insomnia in the United States also revealed that individuals who consider themselves "very happy" sleep the soundest, while those who are not happy suffer most of all from sleeplessness.

### Accidents on Illinois Farms Cost Millions

Chicago, June 25—Farm accidents in 1949 will cost Illinois farmers approximately \$40,000,000, according to figures compiled by John A. Lake, director of the Illinois Agricultural Association department of safety.

This does not account for the productive work lost on farms as a result of accidents, Lake said in pointing out the importance of the observance of National Farm Safety Week, July 24-30.

"A quarter of a million working days will be lost by Illinois farmers because of these accidents," Lake estimated, "and 60,000 farm people will suffer a disabling injury. Farm families must be made to realize what a tremendous loss they are suffering each year because of carelessness."

Lake estimates that 9,000 of the 60,000 accidents will occur in July because it is a busy month on farms and a great many accidents occur because of hurrying.

"A sound year-around program of safety on Illinois farms is necessary for the welfare of farm families," he said. "It is hoped that observance of National Farm Safety Week will be a step in this direction." Lake is co-chairman of the Illinois state farm safety committee for the observance of National Farm Safety Week.

### Celebrate 70th Wedding Date

White Hall—Mr. and Mrs. W. A. Winn of White Hall will observe their 70th wedding anniversary four grand children and two great-grandchildren. One son, Bennett, the date will also mark the 67th birthday of Mrs. Winn, the former Clara Wright.

The three children will be home for the occasion, but only a quiet celebration is planned. Mr. and Mrs. Winn are active members of the White Hall Methodist church. Mr. Winn has been a member of Masonic Lodge No. 80, A. F. & A. M. for 67 years.

The happy pair are both active. Mrs. Vera Hulbush, wife of Mr. Winn, accepts plumbing contracts, but works only in a super-wash, Lyman of Memphis, Tenn., visory capacity. Mrs. Winn has who is in charge of the Memphis TVA sub-station, and C. C. Winn, duties.

### Mrs. Lyons Dies At Hospital; Plan Services Monday

Mrs. Pamela Lyons, a lifelong resident of Morgan county, passed away Friday afternoon at a local hospital. She spent the last 27 years of her life in Jacksonville, having previously been a resident of Waverly.

For a number of years Mrs. Lyons was an employee of the Prosterman clothing factory.

Her husband, James Lyons, and three sons, Richard Lyons, Marion Westledge and Holland Westledge, preceded her in death.

Surviving are the following children: Zenia Jolly, Claude Westledge and Herbert Westledge, all of Springfield; Mrs. Frank Turner of Virden; Ralph Westledge of Proville; R. L. Opal Murphy of Chicago, and Pearl Antle of Jacksonville. There are 20 grandchildren and 10 great grandchildren.

The remains are at the Williamson Funeral Home, where services will be held Monday at 2:30 p. m. in charge of Rev. William J. Boston. Burial will be made in the Waverly cemetery.

The family will meet friends at the funeral home Sunday evening from 7 to 9.

### Passavant Contracts For Water Main And Sewer To New Site

The contract for the construction of a sanitary sewer and water main to the site of the new Passavant hospital was awarded to the Caldwell Engineering Company of this city on their bid of \$37,650 at a special meeting of the Board of Trustees of the hospital Friday night. The Caldwell company submitted the lowest of the five bids opened.

The water main will run from Caldwell street west on Walnut street into the new hospital grounds to the point where the building is to be erected, and the sewer will extend from Webster avenue west on Walnut street to the new building. H. L. Caldwell stated that his company expected to start construction prior to July 15.

Other bids received were as follows: P. F. Weilleppe & Co. of Decatur, \$42,888; H. A. Grabbe Construction Co. of Alton, \$41,550; Joseph E. Doyle of Jacksonville, \$39,476; and Reese Construction Co. of Quincy, \$41,906.

M. R. Range, who presided at the meeting, pointed out that it is necessary that the sewer and water main be completed before the building could be erected. Lee A. Sullivan, chairman of the Area Hospital Building committee, attended the meeting along with a large number of the Board of Trustees.

### Memo to Plymouth Salesmen

## Bring on your value-wise buyers!

### You've got the car that likes to be compared!

Conditions are changing in the automobile business. Your prospective customers are now buying on the basis of value . . . selecting the car they want . . . getting the most automobile in return for the dollars they put out.

This is a Plymouth salesman's meat! You're selling a great new value car that welcomes comparison to—and competition with—any automobile selling at anything like the same price—or even hundreds of dollars more!

Among the three leading low-priced cars, you have the car with the longest wheelbase—for greater riding comfort. You have the engine with the highest compression ratio—for greater performance and economy. In fact, of 22 quality features found in the highest priced cars, your Plymouth has 21—competitor "A" has 13—competitor "B" has only 4!

Plymouth's engineering advantages assert themselves on the road. That's why—with complete confidence—you can ask anyone to drive all three of the leading low-priced cars. Put it up to the new car buyers—and let the ride decide!

Guest members filled the chairs: Edyth Dawson, Meredosa, noble grand; Francis Wills, Winchester; vice grand; Charlotte Hubbard, Versailles, rec. secretary; Grace Anderson, Triple Line, Springfield, financial secretary; Adelle Hamilton, Chapin, treasurer; Manilla Wright, Marionville, Mo., warden; Lula Carter, Oak Leaf, Springfield, conductor.

Jean Mullens, Franklin, RSG; Lillian Carter, Oak Leaf, Springfield, LSG; Lorena Bailey, Ashland, RSG; Bertha Sears, Bluffs, LSG; Emma Mader, Waverly, inside guardian; Edith Swann, Chatham, outside guardian; Ruby Birdsong, Caratias 625, chaplain; Hazel Sage, Roodhouse, musician; Fannie Hunsley, Havana, J.P.N.G.

Each guest officer was presented with a corsage.

Other lodges represented included Carrollton and Bloomington.

Mr. George Vasey presented a chalk-talk with Mrs. Raymond Vasey serving as accompanist.

Refreshments were served in the dining room.

## King Infant Dies; Burial at Ashland

Ashland—The infant daughter of Mr. and Mrs. Roscoe King died at birth on Tuesday night at 8:45 p. m. at St. John's hospital, Springfield. She was named Dorothy. Graveside rites were held Wednesday morning at 11 o'clock, with Rev. Gordon E. Wood, in charge.

The child is survived by her parents and two brothers, Rayo Donald and David LaRue. One brother deceased.

Interment was made in the Ashland cemetery.

### BASEBALL PLAYERS LEAVE AT 12:15

Members of the Moose baseball team will meet in front of the White Front Cafe at 12:15 p. m. Sunday where they'll depart for Havana to tangle with the Glass Bar nine in defense of their Ivy league lead.

**AT CONVENTION**

## Red Cross Sends 3500 Articles To Veterans

Fourth of July articles totaling 3,500 were shipped from the local Red Cross chapter this week to Veterans' Administration hospitals at Danville, and McKinney, Texas, and the Brooke general hospital, Ft. Sam Houston, Texas.

These articles consisted of nut cups, tray covers and tray favors. They were made from patriotic crepe paper and decorated with the American flag, firecrackers and patriotic emblems.

The following schools in Morgan county whose students are members of the Junior Red Cross supplied these hospital favors: Elkhorn, Mary E. Sheehan, teacher; Alexander, Thelma Daly, teacher; Lynnville consolidated, Charles Strubbe, teacher; Chapin grade, C. L. Hess, principal; Cross Roads, district 54, Emma H. Hembrough, teacher; and Waverly elementary, Forrest Moore, teacher.

Lowder, Mildred Pack, teacher; Mound, Erma Schwendemann, teacher; Union Grove, Harriet E. Moss, teacher; Franklin grade, Thomas C. Davis, teacher; North Oakland, Mary J. Buchanan, teacher; Central Point, Helen R. Cooney, teacher; Morton, Mrs. Ada Barton, teacher; Harmony 27, LaBelle V. Merriman, teacher; and the sight saving room at the Illinois School for the Blind, teacher, Helen Sheehan.

**Fills Quota**  
Mrs. John T. Taylor, chairman of the Junior Red Cross committee, reported this will complete the annual quotas designated by national Red Cross for this chapter. Beginning with the 1949-50 school year the members of the Junior Red

Cross who are students in the Jacksonville and Morgan county schools will begin to work on other quotas to be sent to veterans and military hospitals to celebrate various holidays and parties given for patients in these institutions.

Fifteen Junior Red Cross gift boxes were filled by Junior Red Cross members in the following schools and were shipped from the local chapter to the American National Red Cross warehouse, Washington, D. C. recently: Jacksonville high, Independence, Woodson grade, and Harmony. These gift boxes were filled with carefully selected school supplies and toilet articles and will be sent to schools in foreign countries where children have suffered from the last war. This makes a total of 100 gift boxes sent from the local chapter to students in war torn countries this year.

## Four White Hall Couples Observe Anniversaries

White Hall—Mr. and Mrs. C. C. Cade, of White Hall celebrated their 40th wedding anniversary June 23. The couple has three children, Harry and Mary of Bloomington, and John of West Palm Beach, Fla.; also three grand children.

Mr. and Mrs. C. A. Dornieden observed their 30th wedding anniversary June 22. They have one son, Vernon of Battle Creek, Michigan.

On Sunday Mr. and Mrs. Cade and Mr. and Mrs. Dornieden celebrated their anniversaries by going to Grafton, where they had dinner at the lodge.

Mr. and Mrs. C. C. Brown celebrated their 42nd wedding anniversary June 15. They have one son, Paul, who is spending the summer at home.

Mr. and Mrs. George Book celebrated their 32nd wedding anniversary June 22. A picnic basket dinner was held at their home last Sunday in their honor.

The flag should be displayed daily, weather permitting, on or near the main building of every public institution.

## Varied Interests Add Spice To Life

A creative hobby of painting and volunteer work as a Girl Scout leader make life more stimulating for this bachelor girl. Painting in the park, she pauses to compare notes with another amateur artist. Pictured below at the volunteer work she explains nature study to a Brownie.

BY ALICIA HART  
NEA Staff Writer

The bachelor girl who envies her married friends can spend her time to better advantage making a fuller and more stimulating life for herself.

The more stimulating her interests are, the better will be her chances to swap her life of single blessedness for one of married bliss, contends a bachelor girl who has written a book on this subject.

One way to make life more stimulating, says Jean Van Evera, author of "How to Be Happy While Single," is to choose a creative hobby. Painting or sketching, for example, are absorbing, don't require great talent, to enjoy and are amenable to indoor or outdoor assignments, depending

on your whim. More value of hobbies such as these, says Miss Van Evera, is that they help you to expand your circle of friends with other enthusiasts.

Volunteer service work provides another rewarding interest for the

bachelor girl, maintains the author. The feeling of lending a helping hand, of creating and participating in community life is a wonderful tonic for the emotions.

What type of volunteer work does she recommend? Almost any service for which you have an inclination or talent. If you enjoy children, such a service job might be with Girl Scouts or Camp Fire Girls or it might be tutoring a sick child of a friend. What is important, says Miss Van Evera, is that you find a niche to suit your talents and then accept the responsibility of sticking by your volunteer work.

# ILLINI GIRLS' STATE-ER

NEWS OF ILLINI GIRLS STATE WRITTEN BY ITS EDITORIAL STAFF.

## America Should Help Veteran To Readjust

It was the American soldier who wallowed through the bloody mud of war to risk his most precious belonging, his life, and to have a miserable, agonizing death. We, the American people, sat comfortably at home, some faithfully buying their war stamps and bonds, saving scrap paper and metal and declaring we were helping all we possibly could. Maybe we were then. The boys stuck by us and fought and won like the world had never seen before.

Now we must stick by them and see that they have a decent chance at life. After all we did grab them from their jobs and families and take them out of college. Now we must see that their jobs and schools are again available. I realize the government is trying hard to take care of this matter and I believe they are succeeding. I believe the government which is at fault but it is "us," the common people. We want to shut our eyes to the problems of these young men by letting the government care of them. The government is a fine thing but it is cold and not very mothering.

Some people believe the ex-GI has lower morals than do other young men. This, however, is a lot of plain lazy thinking. It takes all kinds of people to make up a world. The newspaper always dwells upon scandals and probably some were involved in ex-GIs. This, however, does not mean every ex-GI is bad. If as many good things were published in the newspapers, naturally people would have quite a different slant on things. The trouble with us is that we are too gossipy.

I have had close relationships with several ex-GIs, some from the first

## Citizens Know Lessons Learned From Girl's State

Illini Girls' State has been our home for almost a week now, but like all good things it, too, must come to an end. Parting will indeed be sweet sorrow, for in the hours spent here, thanks to the wonderful work of the American Legion Auxiliary, we have been given a broader view of things and have come to realize more clearly than ever, perhaps, what it is that makes our country great.

Sometimes the little seemingly unimportant things bring out the deeper shades of the meaning of Democracy: the familiar sound of a school bell, the sight of a group of kids pledging allegiance to the flag, the stories of Lincoln or Lee or Grant or Jackson as told by bearded veterans on courthouse lawns, the corny jokes cracked at the corner drugstore, the fellowship of singing in church, the Fourth of July picnics, the friendly spirit at Christmas and New Years.

Yes, there are many ingredients which blend to form America, and one of the most important is the spirit exhibited in the attitude of one citizen toward another. The spirit through which 432 girls, some of them living two or three hundred miles apart, can become close friends in a few days, the spirit through which great national organizations can be formed, the spirit through which a man can help his neighbor by plowing his field or filling out an income tax blank, the spirit through which a woman can bake a cake for a sick friend, and the spirit through which a popular song writer can sum up the feeling of his fellow citizens by putting to music the words, "God bless America, my home sweet home."

## Saucy Straws In The Sun

Bahamian Fibers Weave High Style Summer Hats

NEW YORK—(NEA)—Fashion takes over Anglo-U.S. relations by making matches between hats of Bahamian straw and wardrobes of American cotton.

To find unusual textures and colors of natural straw, hat-designer Mary E. Goodfellow went to the Bahamas for "silver top" palmetto and brown coconut. The results are a new "M.E.G." collection of gay color-spiced rollers, sombreros, cloches and sailors in neutral shades of straw which can go anywhere this summer that a cotton dress or a cotton suit can go.—EPISE KINARD, NEA Fashion Editor.

Millinery stars in the collection of Bahamian straws styled for wear with American summer clothes are the hats pictured. Neutral-toned "silver top" palmetto straw makes the rippled cloche which the picnicer wears (above). The brown and white dotted band encircling the crown drapes easily over the brim. The golfer's sunshade (top right) of pale beige coconut straw is brightened by a boldly striped tie silk band. Western-styled sombrero (center right) of palmetto straw ties under the chin with a red cord which also rings the crown. Interwoven light and dark coconut straw forms interesting pattern for roller (bottom right) which has striped cotton band around crown.

## Five Degrees Of Stage Fright Are Fully Explained

BY BARBARA HIGH

After the concert you hear people say, "Oh, it was just marvelous" or "I loved it. So pretty." Yes, it probably was lovely for the audience. But, was the audience equally as pretty to the performer? Yes and No. It all depends on the old demon—stage fright, and to what degree the performer has this malady.

I would say there are five degrees of stage fright although the last can hardly be called "fright." Degree 1 presents a serious problem to the quaking individual who is afflicted. The audience looks like a huge nightmare ready to pounce on the victim and this player feels the victim is himself.

I have heard Degree 2 described as "the time when you see the audience as egg-faces." No features, no hair, no distinguishing markings. Just row on row of egg-shaped heads.

The third Degree comes after about the tenth performance. This stage finds the player recognizing people by dress or feature. (If you can see the audience that is). The player is quite contented in this state as he should be.

Degree 4 is rather conceited and bored with everything. He's good but he knows it and thinks at this stage he is complete master of the situation. (Probably, underneath he is hiding a little fear).

The blessed state of bliss is Degree 5. This stage comes after many appearances over a period of years and is really enjoyed rather than feared.

Well, there you have how you, the listener, looks to the performers through the eyes of stage fright.

The ends of broken bones must be in contact and under compression if they are to unite into one strong bone again.

## Needed Petitions To Run For All State Positions

BY MARIAN STEWART

"Have you signed for Governor?" "Will you sign my petition for Secretary of State?" These were some of the questions which were heard very frequently Thursday at Illini Girls State.

Petitions for most state offices had to have thirty signers, with each girl signing no more than one petition for each office. So, as there was an average of six petitions for each office in both parties, girls of the right political party who had not already signed were rather hard to find.

If, by chance, a candidate couldn't get thirty signers by 3:30 Thursday, she was out of luck. No petitions were recognized for the primaries which were not turned in by the deadline.

## Girl Can Win Guy If She Knows How To Cook Meal

"The way to a man's heart is through his stomach." That's an old saying but it still holds true, whether that man be your father, brother, or best beau, he'll still like home-cooked food.

Cooking is one of the most useful hobbies that a girl can become interested in, for no matter what you do after you are through school, you find that it comes in handy to know how to cook a good meal.

A girl who learns to cook while still in school is always very popular with her mother and her crowd. Her mother knows that if she should happen to be away for dinner that "Suzy" can take care of it, and the gang knows that when they're invited over for a get together there's sure to be something good served before the evening is over.

Not only does a girl get experience but she soon gets ideas of her own for recipes and can try these out on her family before she uses them on that man whose heart she is trying to get at through his stomach.

## Leaders Must Show Characteristics Of Good Followers

The Qualities Of Good Leadership

It has been written that to be a good leader one must first be a good follower. Both require that a person be industrious and ambitious.

The good leader is able to deal with all sorts of people with tact and understanding. He is able to meet all situations with poise. There are no quarrels or harsh words while he is at the helm.

He is an efficient organizer. Everyone has a job that is best suited to him and at which he is happiest. Good leadership often demands that one accept tasks that others don't want, but the good leader is never unwilling to undertake his share of the work.

Original ideas are continually springing into the mind of the natural born leader. Whenever things get dull he can be relied upon to find a different and exciting occupation.

Above all there is a quality of good leadership that demands co-operation. Sometimes it is the way in which the leader makes each one feel that he has an important part in the business at hand. Sometimes it is simply the fact that everyone likes him so much they want to help him all they can.

The quality of meekness never enters into good leadership. Instead one must always be willing to be the first to offer his services and lend a hand.

Compliments instead of criticism are given by the good leader. While some people may think that it is his personality-plus that attracts them, he realizes that everyone likes to have his ego built up. He doesn't manufacture compliments from his imagination, but draws them sincerely from the things we do best.

Although everyone doesn't aspire to become a leader, all should copy to some degree the qualities that govern good leadership.

—Elaine Spires.

## FREEDOM OF RELIGION

BY NANCY JOHNSON

Religious freedom was one of early America's largest drawing cards. The New World was a haven for the persecuted, the laughed at. And so they came, Puritans, Catholics, and Quakers.

Before the thirteen original colonies would ratify the new Constitution, they insisted on an amendment guaranteeing Freedom of Religion.

Norman Rockwell painted a sea of praying hands and faces to illustrate this freedom. There is a woman with a rosary, a white-haired grandmother with wrinkled hands, a man with work-worn hands reading the Bible. An inscription at the top reads, "Each according to the dictates of his own conscience."

In the United States, the church and the state are completely separated. No one can be compelled to attend, or, against his consent, to contribute to any place of religious worship. Everyone is free to worship in his own way.

This is Freedom of Religion.

## Editorial Urges All Young People Work In Politics

Good government seems to be like the weather. Everybody talks about it but nobody does anything about it.

If we want good government, we will have to do something about it because in a democracy the government starts with the people. It is our responsibility, not our neighbor's, to work for better government.

Since local governments are closest to us, let us begin promoting better government by improving our city and county. Although we girls are not yet voting citizens, our parents are and we can urge them to support honest candidates and moves for city betterment.

When we do reach voting age, we must honor that privilege by voting in all elections.

We can insist that candidates and officers report their position and action on various important problems. Even though it is not wise to back a straight party ticket, much useful experience can be obtained by working in party organizations. We can join the county committee of Young Democrats or Young Republicans. Many college students help count votes during elections. Other young people get jobs in their precincts.

People who would like to and feel qualified should run for some office. It doesn't have to be Congressman to be important, just plain alderman is fine. If they are defeated they can try again. Above all, let's try not to feel, "What's the use? I'm just one person," and remember that good government depends on us.

HAPPY BIRTHDAY

Refrains of "happy birthday" echoed from Cassidy City Thursday evening when the girls sang to Miss Carol Fries, their Counselor at their city meeting. A large cake was presented her with the gracious assistance of the County Counselor, Mrs. Woodward. The birthday girl was extremely surprised and delighted.

## ELEGY IN THE RAIN

Little drops of rain, pelting down,  
Ease the little aches of pain,  
Ease the sorrows of the day,  
Pelt the trifling cares away.

How I love a change of weather!  
It's Mother Nature's way of saying  
"Forget your frets, you earth-bound children,  
Listen to the voice of God."

"Listen while you're still at night  
Cosy 'neath the noisy roof;  
Listen while you're all bedraggled,  
Caught in some quick thunder storm."

If you listen, God will speak.  
Softly through the splashing rain,  
"Peace on earth. All good things  
come.  
Over and over to men, again."  
Julia Andrew

Latest pneumatic machines for sorting stones from potatoes simply blows a blast of air at them as the digging machines bring them up. Potatoes, being relatively light, are blown onto a conveyor that removes them for bagging. Potato-sized stones, being heavy, remain behind and are discarded.

There was no air, as we know it, when the earth was created. The water, nitrogen, oxygen and carbon dioxide that largely made up our atmosphere were formed by chemical processes that took place after the earth was formed.

Total meat consumption in the United States in 1948 was about 21.3 billion pounds.

## Travel Tricks: Dress Comfortably, Pack Wisely, Use Grooming Aids, Says Expert

Simple tricks keep this vacationer comfortable and well-groomed on her travels. She dresses in shorts and topper of playsuit for motoring (left) and buttons on unwrinkled skirt when she steps out of car (right). Long evening gown is packed in cleaner's bag to keep it uncrushed on journey. Beauty aids for use in transit are tucked in pockets of shoe bag (center) which is pinned to back of front seat.

## Elks Sponsor Show On Independence Day

Independence Day will be a big day for the children of the Jacksonville area. An All American Jubilee show is to be given in their honor July 4, at 10 a. m. at the Fox Illinois Theater.

Many will remember the All American Jubilee show from last year when it played before an overflowing theatre on July 5. Theatre officials expect the same enthusiastic reception this year.

This big patriotic event is sponsored by the Jacksonville Elks club, "Olive Oil for President," and Wilford Queen, Exalted Ruler of the Elks, said that the Elks are proud to sponsor this show because they are interested in the youth of America and want to avail themselves of the every opportunity to stress principles of American democracy to them.

Mr. Queen said that no ticket will be required for admission. If children are too little to come by themselves, he said, they may be accompanied by their parents.

Feature attraction of the morning will be the famed picture, "Call of the Wild" starring Clark Gable and Loretta Young. The picture is the screen adaptation of Jack London's immortal novel.

Several cartoons and a short are scheduled. They include Little Lulu in "Man's Best Friend," Popeye in "Olive Oil for President," and talking animals in "Dog Crazy."

In keeping with the spirit of Independence Day there will be a pledge of allegiance to the flag. A Boy Scout troop will officiate in the ceremony. It is expected that a prominent Elk will give a short talk on patriotism.

## Home From Flying 131 Missions In Air Lift

Lt. Clement M. Maloney of the U. S. Air Force is enjoying the pleasant quiet of his parents' home on Route street after six months in Germany, where much of the time he roared high above the countryside, carrying coal as a pilot in the Berlin Air Lift.

The Jacksonville pilot, who has been in the Air Force seven years, flew 131 missions in a C-54 in the Berlin Air Lift. His plane carried ten tons of fuel on each trip of 185 miles from Fassberg to Berlin.

Flying through all kinds of weather, and using air fields where 200 planes were circling or taking off at the same time, Lt. Maloney met with no difficulties while serving with the Air Lift. He said the trips were made with such precision that they became routine to the airman.

"We saw many Russian planes in the air, but did not see Russians in Berlin," Lt. Maloney stated. "The Americans and Russians were in different zones, and I do not recall seeing any Russians in our zone during the six months I was there."

He said the Air Lift pilots worked shifts of 12 hours, with 24 hours off duty.

While in Europe, Lt. Maloney made a trip to Rome where in company with a group of American airmen he had a 30 minute audience with Pope Pius.

Lt. Maloney is in the Air Force Reserves on active duty. He is on a 30 days delay enroute to Fort Worth, Texas, where he will be assigned to the service with a B-36 crew.

Lt. Maloney expects to spend 15 days at the home of his parents, Mr. and Mrs. Edward C. Maloney, 859 Route street, before leaving for Fort Worth.

County Home Damage From Storm \$2,000

Damage to the Morgan county said the damage is covered by insurance, and that repairs are in progress.

Several large trees surrounding the county home were felled by the storm, and many limbs crashed into the yard. The grounds are being cleared under direction of Milton Morris, superintendent of the home.

The force of the storm northwest of the county appeared to center at the county farm, but there was considerable damage to other property in that area.

An entire section of roof was wrenched from the main building and scattered on the county farm grounds. Some of the metal roof was rolled up by the wind and deposited in a driveway, while another section lodged in a tree. A section of slate shingle roof also was damaged.

Rain poured into the main building after the roof blew off, causing considerable damage to the interior. Several windows were shattered by the force of the wind.

## Mrs. W. J. Wood Called By Death; Services Tuesday

Mrs. Elizabeth Wood, widow of the late William J. Wood, a resident of Jacksonville until 1936, died at Springfield Memorial Hospital Friday evening at 8:10 o'clock. She had been a patient at the hospital for two months.

Mrs. Wood was born April 25, 1863 in Ontario, the daughter of Elijah and Mary Jane Pelton.

Following the death of Mr. Wood, she went to Decatur to make her home with a son, Howard Wood.

Mrs. Wood is survived by two sons, Leonard P. Wood of Indianapolis, Ind., and John S. Wood of Salem, Oregon. One son, Howard and a daughter Bessie preceded her in death. She also leaves seven grandchildren and nine great grandchildren.

While a resident of this city Mrs. Wood was a member of the Grace Methodist church and while a resident of Decatur she was a member of the Grace Methodist church in that city.

The body is at the Williamson Funeral Home, where services will be held Tuesday afternoon at 2:30 o'clock, with the Rev. Frank Marston officiating. Burial will be in Diamond Grove cemetery.

The family will meet friends at the funeral home from 7:30 until 9 p. m. Monday night.

CHICAGO LIVESTOCK  
MARKET REPORT

Chicago, June 25—(P)—Hogs, cattle and sheep were quoted nominally steady today. Hogs sold within a \$16.75 to \$22 range.

An advance in wholesale pork prices and a sharp cut in shipments sent live hog prices higher this week. Gains ranged from 75 cents to \$1. Choice light weight butchers were scarce and showed weight gains. Sows comprised about 40 per cent of receipts.

Most grain fed steers and heifers advanced 50 cents to \$1.50, topping at \$2 this week. However, some common to medium grass types found a narrow outlet. Only section

of the slaughter cattle market to show weakness was bulls. Stocker and feeder cattle, however, slumped 50 cents to \$1.

Receipts in the sheep section were only 25 per cent of arrivals here a year ago. That was a sufficient drop to cause prices to soar \$2 to \$3 on fat lambs, small local killers competing aggressively for the limited offerings.

## Markets At A Glance

CHICAGO—Wheat—Very weak; government minimizes crop damage. Corn—Weak; rains improve midwest crop outlook. Oats—Lower with other grains. Soybeans—Easy; no heavy selling. Hogs—Nominally steady. Cattle—Nominally steady.

Wheat Prices Drop  
Nearly 4 Cents in  
Heavy Selling

Chicago, June 25—(P)—Wheat prices tumbled for losses extending to nearly 4 cents in a heavy burst of selling in the closing minutes on the Board of Trade today. Dealings were active on the decline, in which July was the brunt of the selling.

An agriculture department statement that damage to wheat in the southwest has been slight was behind the selling. Earlier, the market had opened strong. When traders who had taken the long side earlier this week tried to sell at the close they found the market bare of bids.

Other grains also traded lower. Rains in the mid-west were expected to be beneficial to corn. In addition, cash dealers said they had purchased more than 100,000 bushels of corn on a to-arrive basis. In all pits, there was a good deal of week-end selling on the part of longs.

Wheat closed 1-5/8 lower, July \$1.96-1.97, corn was 11-1/2 lower, July \$1.32-1.33, oats were 2-1/2 lower, July 59¢, rye was 2 to 2 1/2 lower, July \$1.39, soybeans were 1 to 1 cent lower, July \$2.34-2.35, and hard was 3 to 8 cents a hundred pounds lower, July \$1.12.

Estimated receipts of grain in cars here today—wheat 25, corn 58, oats 64, rye none, barley 11 and soybeans 15.

Receipts include 11 cars of wheat, 3 cars of soybeans and 1 car corn for CCC account. One car of flax was also received for CCC.

Eddleman Signs  
With Tri-City  
Pro Cagers

Moline, Ill., June 25—(P)—Dike Eddleman, one of the most outstanding athletes in the history of the University of Illinois, today became a member of the Tri-City Blackhawks of the National Basketball League.

Leo Ferris, general manager of the Tri-City club and vice-president of the N.B.L., announced the receipt of Eddleman's contract, mailed from the Pacific coast where Eddleman brought his amateur athletic career to a close last week in the Big Ten Pacific Coast loop track meet.

Salary terms were not revealed by Ferris, but it was believed that the Hawks went high to get the great Illinois star of basketball, football and track.

Ferris said his signing also "struck a blow at the rival Basketball Association of America." Eddleman is the second player drafted by the Chicago Stags of the B.A.A., who has signed with the N.B.L. team. Earlier, the Hawks had signed Jack Kerris of Loyola, also on the B.A.A. team's draft list.

**Famous For "Kiss" Shot**  
Eddleman, a 6-2 guard who achieved fame with a "kiss" shot and outstanding rebounding ability, attracted early popularity as a prep star at Centralia, Ill., where he scored 2,700 points in four years and led Centralia to a state cage title in 1942.

As a prep student he was a star high jumper and was named to the all-state football squad.

At Illinois, he continued his star performances in three sports by winning 11 letters.

This year, Eddleman captained Illinois to a Big Ten basketball title and third in the N.C.A.A. with 326 points to set a new scoring record at Illinois. In football, he holds the conference punting record and played in the 49-14 Illinois Rose Bowl win over U.S.L.A. in 1947.

## BUDDIES NOW RIVAL COACHES

Harold Hillman

How far can you stretch a friendship? You can bet that Harold Hillman and Verdrie Altizer who as members of the Pittsfield high school basketball team in the early 1940's used to dazzle enemy fans with a dexterous show of teamwork, will be straining their lifelong friendship when they began looking across the officials' table at each other and instead of seeing a buddy, see a rival coach.

As rival coaches, Harold Hillman and Verdrie Altizer, both of Pittsfield, won't be able to use the system that claims "two heads are better than one" that they made pay-off as teammates in the Pike county high school, and, in later years, star performers for Culver-Stockton college in Missouri.

Hillman has been procured by the Bluffs high school board to replace Leroy Goodin as coach in all sports at the little Scott county school. Altizer will assume the coaching responsibilities that Jack Escoria left at Arenzville. Although Bluffs is a P.M.B.C. conference member, the two schools are bitter rivals, and meet several times a year on the diamond and hardwood.

Yes fans, we're liable to see some friendly but stiff competition in coaching circles around these parts for quite a spell.

Hillman is the older of the two. He graduated from the Pike county seat school in 1942. Altizer wasn't far behind when he graduated with the Pittsfield class of 1943. The 1940's used to dazzle enemy fans with a dexterous show of teamwork, will be straining their lifelong friendship when they began looking across the officials' table at each other and instead of seeing a buddy, see a rival coach.

Braves Cut Cards 10-6  
With 18-Hit Attack

St. Louis, June 25—(P)—The Boston Braves cut loose with an 18-hit attack tonight to cool off the red-hot St. Louis Cardinals, 10 to 6. Johnny Sain posted his first victory in over a month but had to have relief from Nelson Potter in the ninth. The defeat knocked the Cards out of first place which they took over only last night.

Sain, who posted his fifth victory against eight defeats, held the Cards well in check until two were out in the ninth. Then a walk to Lou Klein, singles by Stan Musial and Enos Slaughter and a double by Ron Northey sent the perspiring Sain to the showers. Potter came in and fanned Ed Kazak to end the game.

The Braves, who banged out 17 hits last night, continued their slugging ways tonight. Harry Brecheen again failed to lead, dropping his fifth decision to balance as many victories. Al Brazle and Jim Hearn also felt the force of the Braves' new club.

Elbie Fletcher, Marv Rickert, Sisti and Del Crandall pooled three blow-pieces. Sisti's trio included his second homer and a two-run single. Bob Elliott's two-run triple in the third sent the Cape Cod crew into a lead they never lost.

New York Club  
Takes Early Lead  
In A.A.U. Track Go

Russ Newland  
Fresno, Calif., June 25—(P)—Scoring first and second in the hammer throw, the New York Athletic club moved into a substantial early lead tonight in defense of its team title in the annual amateur athletic union senior track and field championships.

Sam Pelton, Jr., arched the 16-2 pound hammer 176 feet 10 inches while his teammate, Henry Dreyer, was close behind with a heave of 176 feet 61 inches.

The eighteen tallies, added to the club's 10 points scored last night when Fred Witt won the 10,000 meters run, gave the defending champs a total of 28.

Another 10 points were practically assured by shotputter Jim Fuchs, who led the field in the preliminary series with a tremendous effort of 37 feet 23 inches. It was the longest toss the Yale star, representing the N.Y.A.C., had ever gotten off.

One of the disappointments was provided by Lloyd La Beach of Panama, world record holder in the 220 meters and co-holder of the 100 meters mark. La Beach withdrew, complaining an old leg injury was bothering him.

**Louise Suggs Wins  
Women's Golf Meet**

Oklahoma City, June 25—(P)—Louise Suggs, Carrollton, Ga., defeated Betty Jameson, San Antonio, Tex., 5-4 to win the women's western open golf championship here today.

Miss Suggs collected \$500 for her well-deserved decision over her professional rival from San Antonio.

Miss Suggs played the Oklahoma City country club course in two over par for the 32 holes.

Miss Jameson, admitting she went "to sleep" on a couple of shots which cost her holes, was five over par in the morning and three in the afternoon.

**NORTHWESTERN PLAYERS  
ADDED TO ALL-STARS**

Chicago, June 25—(P)—Three Northwestern players, linemen Alex Sarkisian and George Maddock and halfback Frank Aschenbrenner, have been added to the collegiate squad which meets the Philadelphia Eagles in the annual All-Star football game in Soldier Field Aug. 12.

The science of geography is due largely to developments started by Alexander von Humbolt, a German scholar born in 1769.

California Defeats  
Washington To Win  
Annual Regatta

Poughkeepsie, N. Y., June 25—(P)—Undefeated California, stroke by an Olympic hero, defeated Washington and violent weather today, 21, of Poughkeepsie, drowning him, winning the 47th annual Poughkeepsie Regatta from a record field of 12 crews.

In a driving finish that took advantage of almost the only lull in a stormy afternoon, California wrestled the lead from its arch-rivals and came home in a fast 14:46 for the three-mile race. Washington, last year's winner, was caught in 14:45.1, barely a length behind.

Six lengths behind the leaders came Cornell, Navy, and Princeton in that order. Wisconsin, a dark horse from the middle west expected to furnish the challenge to the big western powers, slipped to seventh place, behind fifth place Princeton and sixth place Pennsylvania.

Ian Turner, the California stroke, raised the beat at the end to a terrific 37, which was matched by Washington. Turner, along with 181 games out of first place and have three of his companions today—Lloyd Butler, No. 4; Justus Smith, No. 2; and Coxswain Ralph Pur-

chase—rowed in the American shell that won the 8-oared Olympic race in London last summer.

For a time it looked as if there wouldn't be a Poughkeepsie Regatta south.

## Seven Purple Heart Vets Achieve Prominence On Diamond With Courage

BY FRANK ECK  
AP Newsfeatures Sports Editor  
New York—During the war you wouldn't have given a plugged nickel for the chances Gene Bearden or Lou Brissie had of ever becoming major leaguers, much less top drawer pitchers. Today they are two of the bright stars among the seven Purple Heart men playing in the majors.

On the night of July 6, 1943, the cruiser Helena was sunk by two Japanese torpedoes in Kula Gulf off the Solomon Islands. Bearden was a machine gunner aboard the big battleship. How he survived is a miracle. Doctors told him he'd never play ball again.

Despite an aluminum plate in his head and another in his knee, Bearden hurled the Cleveland Indians into the 1948 World Series. With only one day's rest he beat the Boston Red Sox in the unprecedented American League playoff game. Then in his one series start he shut out Boston's other team, the Braves, with five hits and won 2-0. As a relief hurler he saved the sixth and final game for Bob Lemon.

Brissie's background is almost identical. Only he got his as an infantry corporal after injuring his back with the paratroopers. It happened Dec. 7, 1944, just three years after the attack on Pearl Harbor. Brissie was left for dead on the

battlefield in the Apennine Mountains during the campaign in northern Italy. Both his legs were broken. Doctors said he would never walk again. However, after some 23 visits to hospitals he returned to baseball and in 1947 won 23 games and lost only five for Savannah, Ga.

Last season he won 14 games and lost 10 for Connie Mack's Athletics despite a catcher's shin guard he wears to protect a shrapnel-shattered left leg from line drives.

Brissie and Bearden, both southpaw pitchers, are not the only outstanding players among the Purple Heart veterans in the majors today. Spahn Wounded In Leg

Others are Warren Spahn, the Braves crack southpaw hurler; Morris Martin, rookie southpaw hurler with the Dodgers; Eddie Kazak, rookie third baseman with the Cardinals and outfielders Dick Whitman of the Dodgers and Hank Bauer of the Yankees.

Spahn, a hero in the Braves' losing cause against the Indians last fall, sustained shrapnel wounds in his left leg at Remagen Bridge during the Battle of the Bulge. Though knocked out in his one series start he turned in two of the greatest relief efforts in World Series history.

In the fifth game he gave one hit in five and two-thirds innings, fanning five of the last six batters. The next day he struck out Cleveland's final four batters.

Kazak, leading hitter on the Cardinals for the first two months of the season, almost lost both arms fighting as an infantryman near Brest, France in 1944. His left arm bears a scar left by a bayonet and 19 stitches and his right elbow has plastic filling where it was torn away by shell fragments.

Martin, wounded three times while in eight months, is the hard luck pitcher of Brooklyn's young staff. As a starting hurler the Dodgers failed to give him hitting support. He suffered 3-0 and 4-0 shutouts at the hands of the Braves and hurled 21 frames before Brooklyn got him a run as a starter. In 27 innings as a starter the Dodgers supported him with just two tallies.

Martin has been wounded either by machine gun bullets or shrapnel on the left index finger, neck and back and left leg. A machine gun bullet pierced his left leg while he was crossing the Rhine.

Whitman received a shrapnel wound in his neck during the Battle of the Bulge. It required 13 stitches. Bauer was twice wounded in the leg by shrapnel, as a Marine at Guam and at Okinawa.

## Red Sox Coast To 13-2 Decision Over St. Louis

Boston, June 25—(AP)—With his Red Sox teammates blasting 17 hits, Mel Parnell, the southpaw ace, coasted to his 10th win of the season with a 13-2 decision today over the hapless St. Louis Browns who suffered their third consecutive Fenway Park setback.

The Red Sox chased starter Lefty Bill Kennedy by pounding him for seven runs in the third inning. Al Zarilla drove his sixth homer into the right field bull pen with Billy Goodman on base in the sixth inning.

Little Johnny Pesky led the Boston attack with four hits including a three-bagger. A single by relief pitcher Al Papali and Johnny Sullivan's two-bagger and a pair of infield outs gave the Browns their runs in the sixth.

## Charlie Coe Takes Mississippi Title

Colorado Springs, Colo., June 25—(AP)—Glum-faced Charlie Coe, the Walker cup star from Ardmore, Okla., captured the trans-Mississippi golf championship today with a 6 to 5 victory over Fred Newton of Denver.

The first nine holes of their 36-hole title match decided the issue. Coe hacked out a 6-put lead in the initial stretch. That was plenty to carry him through the day.

## Wife Divorces Bill Holland

Bridgeport, Conn., June 25—(AP)—Willard A. (Bill) Holland, winner of the Indianapolis auto race Memorial Day, has been divorced here by his wife, Mrs. Ruth Gwynne Holland.

The red-haired Mrs. Holland, a professional roller skater and daughter of a Philadelphia minister, charged intolerable cruelty before Superior Court Judge William J. Shea. Mrs. Holland testified yesterday that Holland, 19 years her senior, possessed a nervous temperament and a roving disposition.

Try mixing fruits with vegetables for an interesting and attractive centerpiece for a supper party. Green artichokes look charming teamed with yellow bananas in a white compote, or use green peppers and oranges in a straw-colored bread basket.

## Dodgers Smash 17-10 Assault Against Pirates

Pittsburgh, June 25—(AP)—The Brooklyn Dodgers smashed the Pittsburgh Pirates, 17-10, today with Gil Hodges spearheading the assault by clouting two homers, a triple, double and single.

Hodges drove home four runs and scored four in the slugfest duel that was featured by four Brooklyn home runs and five Pittsburgh four-baggers.

Jackie Robinson and Carl Furillo smacked the other Brooklyn homers while Ralph Kiner belted two and Dino Restelli, Wally Westlake and Ed Stevens one each for the Pirates. Kiner's blows were his 17th and 18th of the season.

The nine homers fell one short of deadlocking the major league record for most home runs in a game by both clubs. The last time this feat was accomplished was on Aug. 16, 1947 when the Pirates banged seven and the St. Louis Cardinals three at Forbes Field.

Ralph Franca went all the way for Brooklyn to post his ninth triumph against one loss. Branca was belted for 12 hits.

## Athletics Earn 7 To 6 Victory Over White Sox

Philadelphia, June 25—(AP)—The Philadelphia Athletics fought an uphill battle today to defeat the Chicago White Sox, 7-6. The win left the A's four and a half games behind the front-running New York Yankees who lost to Detroit.

Two hits, three walks, a sacrifice and two errors got the Sox off to a five-run start against Dick Fowler in the first inning. But after that, the big Canadian turned on the heat while his teammates pecked away at Howie Judson, chasing him in the sixth inning. It was Fowler's sixth straight victory.

The Athletics put together three hits for their first run in the first inning, scored two more in the third on an error, a walk and single by Sam Chapman, and tied the score at five-all in the sixth on two hits, a walk and pair of Chicago boots.

The Sox grabbed the lead in the eighth on two hits and a walk. Then the A's retaliated.

Hank Majeski started the winning rally with a double. He scored on Elmer Valo's two-bagger and after Philadelphia filled the bases Eddie Joost lifted an outfield fly that permitted Valo to trot home with the winning run.

## Homer In Ninth For Washington Defeats Indians

Washington, June 25—(AP)—Gil Coan hit a home run with two out and one on in the ninth inning today to give the Washington Senators a 4-2 victory over the Cleveland Indians before a crowd of 9,695.

Coan's third homer of the year, it was only inches inside the foul line. It presented Ray Scarborough, who pitched only one inning, his seventh victory. Bob Lemon, who had replaced Frank Faphin in the eighth, was Coan's victim and was charged with his third defeat.

The Senators punched over the tying run in the eighth.

## Course 'Excellent' For Women's Golf Meet At Lincoln

Lincoln, Neb., June 25—(AP)—There ought to be some good scores posted in the Women's Trans-Mississippi golf tourney here.

The Lincoln Country Club course is ripe for first-class golfing. It's over this course that the tourney will be fought on starting Tuesday. "Excellent" is the way club pro Bud Williamson describes the condition of the course.

Marked up early as the girl to beat is 23-year-old Polly Riley. She's from Fort Worth, Tex. and heads a strong Lone Star state delegation. Polly was being given that recognition because she is the 1947 and 1948 "Trans" champion after being runner-up in 1946.

Others getting early notice included Marjorie Lindsay, Decatur, Ill., winner of two Florida tourneys this year; Betsy Rawls, Austin, Tex.; Jeanie Dobbin, St. Louis; Mrs. E. Ray Mansfield, Des Moines, and Lucille Mann, Lincoln.

Thirty-two will qualify over the 18-hole route Tuesday. Eighteen hole matches will be played Wednesday through Saturday, with the Sunday finals being the only 36 hole match.

## Jay-Cee Girls Lose To St. Louis Damsels

The Jay-Cee diamond damsels bowed to the St. Louis Crosstown Motor misses 6-3 in their weekly Saturday night appearance at the Southside park.

The local lasses drew first blood in the opening inning when they pushed across one of their tallies. Lois Hubbard moved to first base with a walk and advanced around to score on a fielder's choice.

A big fourth inning netted the St. Louis femmes five big counters which was more than enough to cop the tussle.

In a previous meeting this year, the Crosstown outfit nipped the Jay-Cees 6-5 at St. Louis.

Bert Lauder, Jay-Cee starting pitcher, went all the way for the local losers. She allowed nine hits. Five Jay-Cee misuses boosted the St. Louis aggregation along the victory trail.

Monahan, slight Crosstown right-hander, was credited with the win. The preliminary battle was called at the end of the fifth frame with the Moose Juniors on the long end of a 14-2 count against Stoners Restaurant, another local junior nine.

## Australia's Brown Upsets Gonzales At Wimbledon

London, June 25—(AP)—Richard "Pancho" Gonzales, 21-year-old U.S. singles titleholder, was spilled out of the Wimbledon Tennis championships today in a sensational upset by the two-handed shots of Australia's Geoff Brown.

Prime Minister Attlee and some 17,000 other sweltering fans saw the second-seeded Los Angeles husky bow out in just one hour and 13 minutes on Wimbledon's famed center court, 2-6, 6-3, 6-2, 6-1.

All the other seeded stars gained the men's singles quarter-finals with straight-set triumphs, including top-seeded Ted Schroeder of La Cresenta, Calif., defending champion Bob Falkenberg of Beverly Hills, Calif., and former U.S. titleholder Frank Parker of Los Angeles.

Failure to get in his blistering first service and the effects of a lingering cold contributed to the downfall of Gonzales, who made a meteoric rise to the top of the U.S. rankings in 1948.

He was unable to continue the net-strutting tactics that won him the first set in 18 minutes because, he said, "with my cold I knew I would get tired." Having dropped anchor on the baseline, he paddled against his unseeded foe with surprising fealty.

Little Geoff, only five feet, nine inches tall, was runner-up to Yvon Petra of France in the Wimbledon final three years ago. Since then he had been a disappointment until today.

His ambidextrous technic gives him an extra gun against players who use only one hand. The 25-year-old Aussie swings a left-handed forehand, which he got under control after a wild start.

Off his right side he smacks a two-handed flat drive that has the impact of a mortar. He serves with his right hand and can, if required, reach out with a starboard forehand.

## Home Run King Before Ruth, Dies

Wilkes-Barre, Pa., June 25—(AP)—John (Bucky) Freeman, 77, the major league home run king before Babe Ruth, died today in Mercy hospital after a brief illness.

Freeman, an outfielder, hit 25 homers and 27 triples with the Washington Senators of the National League in 1899. The homer record stood off all challenges until Ruth slammed 29 four-baggers in 1919.

## Cubs Hand Giants Thirteenth Loss In 41 Triumph

Chicago, June 25—(AP)—The tail-end Chicago Cubs handed the once-high and mighty New York Giants their 13th loss in their last 17 games today as Bob Rush pitched a neat 4-1, six hit triumph.

Frankie Baumholtz' wild throw in the second inning on Buddy Kerr's single allowed Sid Gordon to score with New York's lone run.

Catcher Ralph Novotney drove a home three of Chicago's runs with a fly ball and single.

Hank Sauer opened the Chicago scoring in the second inning with his ninth home run of the season. Hal Jeffcoat then walked and moved to third on Gene Mauch's single.

Novotney tied to center and Jeffcoat scored after the catch. Novotney singled to knock in the Cubs' final run. Novotney's hit chased starter Monte Kennedy.

Giant Manager Leo Durocher was ejected from the game for the second time in five days in the fourth for arguing too strenuously with Umpire Lee Ballanfant over a decision at second.

## Frisina, Moeller Meet For Illinois Golfing Crown

Decatur, Ill., June 25—(AP)—Jim Frisina of Springfield and Larry Moeller of Quincy will tangle in a 36-hole match tomorrow for the golf title of the Central Illinois Country club association.

Frisina, a two-time former state amateur champion, moved into the finals today by defeating Bill Reynolds of Springfield 2-up and then ousting Eddie Conklin of Bloomington 4-3.

Moeller advanced with a 1-up win over Jack Coyle of Springfield—co-medallist with Frisina—and a 6-5 decision over Don Lindsay of Decatur.

By Bob Merris  
When old friends get together! That's a most confusing situation the two Pittsfield fans find themselves in. And, even more confusing for the Pittsfield fans who will be watching to see if the "local boys make good." Who can they root for when Bluffs and Arenville with Hillman and Altizer at the helms, clash?

To add confusion to confusion, E. W. Posey, their college coach, has quite the higher institution of learning to take over the coaching reins at Winchester high school. All three schools are in the same section. Hillman at Bluffs will be given the hardest time by his ex-tutor for those two schools are the only ones of any note in Scott county.

Posey has the best chance to loosen the old ties with a cracker-jack winning team coming back to Winchester. The Wildcats established a new state team scoring record last year and some of the cagers will be back, trying for a repeat performance. Hillman inherited a Bluffs team that didn't win a game last season, establishing another record and Altizer's inheritance at Arenville is just fair.

Wow, 'tis hot! Let's get outside this gymnasium and talk of outdoor sports.

Wednesday, June 29, is the deadline for the All-Star poll. The Journal-Courier has been swamped with votes since the quest for the diamond stars opened. This is in direct contrast to last year's success. In fact, we were warned when we undertook the task, that fans in this area would prove most unresponsive. However, you've all been swell in casting your votes and have helped put Jacksonville on the Chicago Tribune map as baseball proving ground.

Besides making Trib sports editor Arch Ward happy with your complete response, you've made this writer feel that he's earning his bread and oleo in a worthwhile position. Yes Freddie fan, we're proud of you!

Local baseball is slipping around the far turn and coming down the backstretch fast in Jacksonville and vicinity. The Jacksonville Moose club who is entered for the first time in a state league, is proving that the cause is not lost for the diamond enthusiasts. The Moose nine is currently leading the Ivy league baseball conference with a 6-0 record in this, their first year, of enrollment.

Jerry Barber, Jacksonville's ace pasture polo cueman, made the experts tip their caps in the just ended Canadian Open Golf tourney at Toronto. He breathed down winner Dutch Harrison's neck all through the meet, but could never quite overtake the big Arkansan. With one day remaining to play, Jerry shot a 68 to tie for third place money. He fell back a few notches in the final tabulations Saturday, but still, the boys will remember Jerry Barber when he returns to Canada.

Jerry has perfected a golfing glove which he demonstrates at all the top-drawers tournaments he enters. The glove, which he designed, is fashioned in California. 'Tis reported that he has a sizable revenue from such business ventures. Ample proof that the Barber boy won't be finished when he's too old to swing a golf club.

Soap box derby drivers—You have until Wednesday, June 29 to enter the roller-carnival. Why be on the sidelines when they roll 'em on July 1? We hear that the seats are much better right out there on the track.

## Two-Million Ballots Cast In All-Star Poll

Chicago, June 25—(AP)—Cass Michaels of the Chicago White Sox forged ahead today in the All-Star baseball poll to take the lead as the American league's top second baseman.

Results of the poll will determine the lineups for the 16th annual interleague game in Brooklyn July 12.

Thousands of votes from Chicago fans and those of other regions enabled Michaels to regain the lead for second base from Cleveland's Joe Gordon. Michaels' vote today totaled 528,943 to 521,802 for Gordon.

The poll opened on June 10 and will close at midnight next Wednesday. Thus far more than 2,000,000 ballots have been cast.

The vote tabulation to date:

National League

## Cincinnati Rally In Ninth Stopped; Phillies Win, 6-5

Cincinnati, June 25—(AP)—Young Robin Roberts saved the day for veteran Ken Heintzelman today as he choked off a ninth inning Cincinnati rally to give the Philadelphia Phillies a 6-5 victory over the Redlegs.

Heintzelman, notching his eighth victory as against three defeats, handcuffed the Reds on five hits until the ninth. After one out, he served up two-baggers to Red Stallcup and Jimmy Bloodworth and then Danny Litwhiler clubbed a long homer to tie the Reds within one run of tying the score.

Roberts took over. He made Ted Kluszewski ground out and then fanned pinch batter Johnny Wyroszek.

## Newhouse Pitches Tigers To 9-3 Win Over Yankees

New York, June 25—(AP)—Hal Newhouse had little trouble in pitching the Detroit Tigers to a 9-3, six-hit triumph over the American League's front-running New York Yankees today.

However, the classy Tiger left-hander gave up eight walks, including three each in the fourth and ninth innings, which the Yanks turned into runs.

Hank Bauer singled behind three bases on balls in the fourth to drive in two runs. Gerry Coleman drove home the Yanks' final run in the ninth when he bounced into a force out after Newhouse had walked three batters.

The Tigers gave their crack lefty an early working marin plastering Fred Sanford for four runs in the first inning.

By innings:  
Detroit ..... 410 001 030—9 11 0  
New York ..... 000 200 001—3 6 1  
Newhouse and Robinson; Sanford, Shea (2), Marshall (5) and Berra, Silvera (9). LP—Sanford.

Be sure to dry fish fillets after you have washed them, using a paper or some other soft towel. To give the fillets a delicious crisp crust, dip them in slightly beaten egg and cracker crumbs before frying, or in milk and corn meal. Lemon wedges are a "must" when it comes to serving the fillets.

George McDonnell—ex-Wincheston high school athlete—is stopping in Scott county for the week end. George is the property of the St. Louis Browns and has been optioned to the Kitty League in Kentucky from the East Coast Pony League where he opened the current baseball season. The tall, skinny right-hander won his opener in Pony League competition with a two-hit shutout, but when the club came up with an oversupply of twirlers, he was reduced to a relief role. A Kentucky team in the Kitty Loop is short on right-handers and they feel that George fills the bill. Both circuits are rated class D.

Second base: Michaels, Chicago, 528,943; J. Gordon, Cleveland, 521,802; Priddy, St. Louis, 307,170; Doerr, Boston, 229,797; Suder, Philadelphia, 151,708.

THE STORY: Mike McTag, a mining engineer who had been planning a vacation, meets Cory Farrell, beautiful, high-spirited daughter of an old miner friend, who had inherited the Dark Angel mine after her father's death. Cory wants Mike to find out why her mine has fallen off in gold production. Mike at first naturallizing—having his own ideas about women and mines—and then he is treated to a display of Farrell's temper which leads him to change his vacation plans and go to the Dark Angel for a few days. At the mine he meets Uncle Jake Whitmaker, manager of the mill, and Archie Trask, who is in charge of everything underground. Mike is convinced the mine is playing out and Cory reveals that she has received an offer for the mine that will "pay off the men." The three or four millions her father was supposed to have had been lost on oil operations before his death. Cory says, "She is nearly broke."

VI  
I WENT through the mine that afternoon with Archie Trask, and the first thing I did was take chip samples across the working faces in each level.

A chip sample is what it sounds like: you start at one side of the vein with a hammer, and you work your way across, the chips falling into your canvas sample bag as you go. You mix the a all together, grind them up, and you have a pretty fair average for the vein.

In this case I had to be extra careful because the real paystreak was a narrow band six inches wide, next the footwall. The rest of the vein was low-grade, flecked here and there with chalcopryite but probably not worth the cost of mining if it had been by itself.

But that paystreak, what there was of it, was a beautiful thing—real high-grade, with plenty of bornite and chalcopryite. My job was to be sure I didn't take too much and throw off the average.

Trask was with me and he rattled off figures. "Two dollars a ton across 3 1/2 feet, \$25 a ton across six inches. Works out

around \$5 average. What Cory forgets is that in the old days that streak of high-grade was wider."

WHEN we'd finished we took the bags over to the assay shed, where Trask introduced me to a youngster named Riggs. I asked Riggs a few questions and he seemed to know his stuff. He thought he could give me the results by noon tomorrow.

"Well," I said to Trask, "thanks for your help. And now I think I'll just roam around the workings

and get the geology of the place straightened out in my mind."

"Sure thing, Mr. McTag. I'll be in the mine office if you want me."

He set out for the office and I went underground again. I was glad he was out of the way, because he seemed a nice young chap and what I was going to do might have hurt his feelings.

I went right back to the stope we had just left. The crews were surprised to see me back so soon, but not greatly—miners think all engineers are slightly nuts.

I took four new sets of samples, one from each face, tied the bags and put them in the rumble of Cory's convertible. That evening I'd drive Cory to Driscow, 20 miles away, where I could send out the bags by express on the Pacific Northern. Not that I didn't trust Riggs. It was just a matter of principle. Then I went to eat.

THE road between Dark Angel and Driscow would be called a trail in any other part of the country, so we didn't talk much on the way. Cory sat outside while I went into the station, prepaid the charges and wrote out shipping tags. Then I went back outside, got the stuff out of the rumble and carried it over to the counter.

I asked the agent where the nearest phone was and he pointed to an old-fashioned party-line affair in a corner. I cranked the handle, and you could hear receivers being lifted all the way up the valley. Finally I got through to Effie at her home.

"I'm sending some stuff in," I said. "Copper, gold and silver. Phone me at the Dark Angel when you get the figures."

"Okay. And, look, what about —"

"Take it easy," I said, "you're on the air."

Effie is a bright girl. "Okay," she said, "I'll look after it."

## Chicago Heights Girl Wins 9th Governorship Of Illini Girls' State

Marilyn Shanks, Federalist candidate for Governor of Illini Girls' State, defeated Ellen Ann Horn, Nationalist contender, in a hard fought election Saturday afternoon. Miss Shanks, of Chicago Heights, is the ninth woman to govern the Illini Girls' State. Miss Horn, the loser, is from Alton.

Marian Stewart, Alexander, was defeated by Yvonne Ealy of Mattoon for the lieutenant governorship. Miss Stewart had won the Federalist party's nomination in the primary election.

Straight ticket voting was not much in evidence. Results show that of the seven elected officials, four belong to the Nationalist party and three to the Federalist.

### TO BE MARRIED

Mary E. Stinebaker

Mr. and Mrs. George Stinebaker, 1501 South Church street, have announced the engagement and approaching marriage of their daughter, Mary Elizabeth Stinebaker, and Charles Edward Black, son of Mr. and Mrs. Clyde D. Black, Sr., of north of the city.

The wedding ceremony will take place July 31 at 4 p.m. Miss Stinebaker is a file clerk at the New Method Book Bindery. Mr. Black is a route salesman for the J. D. Roszell Co.

## Roodhouse Dinner Planned To Launch Laymen's League

Roodhouse—Men of the Church of Christ from Chapin, Jacksonville, Pittsfield, Woodson, White Hall and Roodhouse will hold a banquet Thursday at 7 p.m. in the local church basement for the purpose of organizing a laymen's league.

Carth Henrichs of Litchfield, president of the Illinois league of the Disciples of Christ, will be the main speaker.

An address will also be given by F. W. Schults of Chapin, president of the west central district laymen's league.

### Conduct Closing Meet

The Room-Five You class of the Church of Christ held its closing meeting Thursday afternoon in the church basement, due to weather conditions which did not permit an outdoor session.

Fried chicken and beef were furnished by the hostesses, Mesdames Ira Rawlins, Mayo McPherson and Harry McDonald.

The financial report was given by Mrs. Alva Keyes, treasurer.

### Plan Bible School

A daily vacation Bible school will open at the Richwoods Baptist church east of Roodhouse Monday and continue through Friday. Classes will be held from 2 to 4:30 p.m.

### Library To Close

## Duncheon-Lemon Wedding Rites Held Saturday

Miss Betty Ann Duncheon, daughter of Louis A. Duncheon, and Claud Lemon, son of Harry Lemon, were married at 10 o'clock Saturday morning at the rectory of the Church of Our Saviour by the Rev. Fr. John Morris.

The bride wore a white street dress with navy blue accessories and carried a bridal bouquet of pink roses. Her attendant, Mrs. Dorothy Ann Litton of Hammond, Ind., wore navy blue and a corsage of pink roses.

Following the ceremony a reception was held at the Ann Loneragan Doolen home for the immediate families of the couple, Father Morris and out of town guests.

Among the later were Mrs. Stewart Reed and family of Springfield; Mr. and Mrs. Clyde McMahon and daughters, Doris and Donna, of Roodhouse and Mr. and Mrs. Eugene Lemon of White Hall.

Mrs. Lemon chose for her going-away dress an ensemble of light blue with navy accessories.

After a wedding trip the couple will return to make their home in Jacksonville.

The bride is employed at the Loneragan grocery; Mr. Lemon is employed by Hugh Gibson construction company.

## William Welch, Bluffs, Dies Here Saturday Evening

William (Tart) Welch of Bluffs passed away Saturday evening at 6:20 o'clock at Passavant hospital, where he had been a patient for one day.

Born Jan. 8, 1891, at Naples, Mr. Welch was the son of the late Fred and Ella Williams Welch. Before moving to Bluffs several years ago he resided in Naples, where he was a member of the Methodist church.

A former construction worker and button cutter, he was a veteran of World War I.

He leaves his wife, Edna Felthoff Welch, and the following children: Mrs. Juanita Wick of Mt. Union, Ia.; Mrs. Wilma Erwin of Burlington, Ia.; Virgil of Winchester and Paul and Jack at home.

The remains were taken to the Schaefer Funeral Home at Meredosia and will be removed to the Bluffs residence at 10 a.m. Monday. Funeral services will be conducted Tuesday. Arrangements are incomplete.

The group assisted in the judging of eight rings of livestock, including three rings of hogs, two of sheep, and three of beef cattle in the morning session and three rings of dairy cattle in the afternoon.

The group was accompanied by Farm Adviser Robert Slayton and George Crog, youth assistant, Frank Chambers and Bob Coulter.

Participants were Harlan Schreier, William Fletcher, Randy Kilbren, Jim Rutherford, Don McCullough, Clarence Slagle, Howard Lovekamp, Rex Worell, Jim Spencer, Marilyn Stinebaker, Evelyn Brown, Lorine Rebbe, Van McCullough, Earl Nash, Darrell Hart, Raymond Likes and Walter Stinebaker.

## Harvester-Union Contract Extended For Another Year

Chicago, June 25.—(P)—The CIO-UAW and the International Harvester Company today extended their contract for one year but with a new provision permitting a re-opener for wage negotiations and pensions.

The contract was extended as of Aug. 23 and will run until Aug. 23, 1950, a joint union-company announcement said. It was signed by George E. Mercedek, Jr., assistant manager of labor relations for Harvester, and Francis A. Lewis, president of the UAW Harvester council.

It covers approximately 18,500 employees in six plants.

The contract's subjects to ratification by each separate local. Each local must advise the company by July 24 of its intention to accept or reject. If rejection is voted, negotiations will resume for the individual local.

### JO MOSS TO ATTEND SORORITY CONVENTION

Miss Jo Moss will leave Saturday for Breezy Point Lodge, Brainerd, Minnesota, where she will represent the local chapter of Delta Theta Tau sorority at its national convention.

The lodge, located on Big Pelican Lake, will be used exclusively by the sorority during the convention days, June 27-30. Miss Moss will travel with representatives of the Springfield and Decatur chapters to Chicago where they will board a special train to the convention.

## Local Sad Sacks Hosts For State Roundup July 31

Sack 56 held a scrimmage at the Amvets club rooms on Friday night with Saddest Sack C. F. Siegfried presiding. Two new members, Dr. Kenneth Folmer and George Werth, were initiated into the fun degree of Amvets.

An athletic committee comprised of Albert Teaters, Marvin Martin and Kenneth Folmer was appointed.

The group voted to purchase a block of season tickets for all U. of I. home games this coming football season which will be made available to local Amvets. The members also pledged to assist the post's membership campaign.

Eligibility to become a Sad Sack requires that the applicant be an Amvet in good standing and that he be a present or past officer of Amvets, or attended a state or national Amvet convention, or secured 10 new members or has done some outstanding service to the organization.

The next regular business meeting will be held Friday, July 1, at 8 p.m. at which time plans will be made for the summer state Sad Sack Roundup which will be held in Jacksonville on July 31.

## GI Farm Students To Inspect Farms In Greene County

White Hall — A series of open meetings for members of Greene county GI agriculture classes and interested persons began Saturday with an inspection of the Manford McPherson farm.

The meetings, which begin at 8 a.m., will continue through Thursday.

On Monday the group will meet at the John Cox farm; Tuesday, June 28, at the Leo Westfield farm; Wednesday, June 29, at the Irl Bowman farm; and Thursday, June 30, at the Harlan Edwards farm. Everyone is invited to these meetings and to observe fertilizer and variety tests in action on these farms, where G.I.'s are in training in cooperation with the White Hall High School's program in agriculture.

At the McPherson farm growing corn will be side dressed with modern equipment. There are five corn fertilizer studies being conducted and all are open for inspection.

Irl Bowman, Marcus McCollister, and Arnold Ross have extensive fertilizer studies on wheat. The McCollister wheat plot will be included in the tour Monday after seeing the John Cox corn studies.

On the Harlan Edwards farm a very extensive pasture improvement program has been developed. A. P. Crowell of the S. C. S. service will conduct the meeting there.

### Refuse To Support Tsaldaris Cabinet

Athens, Greece, June 25 — (P)—Sophocles Venizelos said today the Liberal party would not join a government headed by Constantin Tsaldaris, populist leader. Despite this setback, Tsaldaris continued his efforts to form a cabinet.

Tsaldaris, deputy premier and foreign minister, was asked yesterday by King Paul to form a government after the sudden death of 88-year-old Theodoros Sphouliotis.

Venizelos, labor minister under Sphouliotis and a Liberal party leader, told Tsaldaris neither wing of the Liberals would support him.

Later the deputy premier told correspondents, "I will continue conversations for formation of a cabinet." He declined to say what parties he would ask to participate.

### Kilver Sells Farm For \$125 An Acre

Winchester—Gus Kilver of Pisgah and Henry Kilver of Bluffs were the purchasers of the late Herman Kilver farm located about six and one-half miles northwest of Winchester. The 288 acre farm brought \$125 an acre when auctioned at the Scott county courthouse Saturday afternoon.

About 200 acres of the farm are tillable; the balance is in pasture. It is improved with two houses, three barns, two corn cribs and other buildings.

The Middendorf Brothers of Jacksonville were the auctioneers.
